AFRISEED

Building agricultural resilience through climate-smart solutions

When Good Yields Matter Most

Zambia

Zambia's **2 million smallholder farmers contribute 90% of the national agricultural output**, but face declining yields and income due to climate stress, limited access to certified seeds, and low market integration.

Through the Afriseed brand, Stewards Globe Ltd (SGL) works to **expand smallholder farmers' access to climate-smart seeds, extension services, and markets.** Afriseed offers over 10 products, including orange and white maize, zinc-fortified beans, sorghum, cowpeas, and groundnuts. SGL also offers bundled solutions that include crop nutrition and protection products, technical training.
